| SUNCHASER GROUP OF COMPANIES

Sunchaser Group of Companies is a leading multi-disciplinary enterprise committed to innovation, excellence, and sustainability. With a powerful portfolio of specialized companies Sunchaser Energy, Helios Solar Energy, AL ADAM, and Signals Global we are transforming industries and shaping a smarter, greener future across Pakistan and beyond.

Built on a foundation of trust, integrity, and performance, our group delivers cutting-edge solutions in renewable energy, infrastructure development, advanced engineering, and intelligent systems. Together, our companies work in synergy to provide high-impact services and future-ready technologies tailored to the unique needs of commercial, industrial, residential, and government sectors.

Our Group Companies

Sunchaser Energy

Sunchaser Energy delivers forward-thinking, fully customized solar energy solutions. With a focus on affordability, innovation, and long-term value, we empower homes, farms, factories, and businesses with clean, efficient power systems that ensure maximum energy output and return on investment.

Helios Solar Energy

Renowned as one of Pakistan's most trusted solar engineering firms, Helios Solar Energy offers complete solar system design, installation, auditing, and maintenance. Our highly skilled team integrates tier-one technology with deep industry expertise to power sustainable change efficiently and reliably.

AL ADAM

AL ADAM is our infrastructure and engineering powerhouse. With a strong focus on construction, project management, and materials supply, AL ADAM supports critical development projects with unmatched precision, quality assurance, and delivery excellence.

Signals Global

Signals Global leads the way in digital transformation, automation, and smart security solutions. From intelligent surveillance and IoT to data infrastructure and smart city integrations, we help clients navigate a rapidly evolving technological landscape with confidence and control.

Our Vision

At Sunchaser Group, we envision a world where technology, clean energy, and intelligent infrastructure work in harmony to improve lives and protect the planet. Our mission is to be a catalyst for progress by delivering sustainable, scalable, and future-forward solutions through our group companies.

WHY PARTNER WITH SUNCHASER GROUP

- ✓ Multi-Sector Expertise Under One Roof
- ⚡ Cutting-Edge Technology & Renewable Energy Leadership
- 🏗️ Reliable Engineering, Infrastructure, and Project Delivery
- 🌐 Sustainability-Driven Innovation
- 🤝 Customer-Centric, Quality-Focused Approach

CEO'S MESSAGE

At Sunchaser Group of Companies, our journey has always been defined by purpose, progress, and passion. What began as a vision to harness the power of renewable energy has evolved into a diversified group committed to transforming lives and industries through innovation, sustainability, and integrity.

Each of our companies Sunchaser Energy, Helios Solar Energy, AL ADAM, and Signals Global represents a unique pillar of strength, collectively shaping a brighter, smarter, and more sustainable future for Pakistan and beyond. From delivering advanced solar energy systems and engineering excellence to building resilient infrastructure and deploying intelligent digital solutions, we are proud to stand at the intersection of opportunity and impact.

Our success is built not only on cutting-edge technology and strategic growth but on the enduring trust of our clients and the tireless dedication of our teams. We believe in doing business with heart and purpose prioritizing customer needs, embracing sustainability, and delivering uncompromising quality.

As we look to the future, we remain steadfast in our mission: to be a catalyst for meaningful change. Whether it's lighting up a village, modernizing an industrial complex, or pioneering smart city innovations, our goal is to create lasting value for communities, for businesses, and for generations to come.

Thank you for being part of our journey.

Warm regards,

CLIENT VERIFICATION & SIGN-OFF

1. CUSTOMER BILLING PROFILE

Client Title: Muhammad Allauddin

CNIC Passport: Not specified

Active Line: 0309-0236666

Email Inbox: allai1432009@gmail.com

Installation Address: DHA Phase 6, Lahore

2. UTILITY INTERCONNECT (LESCO METERING)

LESCO Meter ID: Not Scanned

Consumer A/C Number: Not Scanned

Sanctioned Grid Load: Not Scanned

Terminations Phase: Three Phase

Turnkey Net Metering Licensing: **REQUIRED & SOW INCLUDED**

Contract Declaration: By signing below, the client confirms the technical parameters (Page 5), accepts the final turnkey financial quote (Page 6), accepts the terms & exclusions (Page 7 & 8), and formally authorizes Sunchaser Energy to proceed with hardware procurement, chemical bores, structural steel fabrication, and LESCO utility interconnect procedures.
